

## USB 3.2 Gen1 / 3.1 Gen 1 JetFlash 930C

Transcend's JetFlash 930C flash drive features a dual connector that supports USB Type-A and Type-C devices. With a USB 3.2 Gen 1 interface and built-in 3D NAND flash memory, its speeds can reach 420MB/s. High capacity of up to 512GB creates sufficient storage space for media files and gaming files. If you are searching for a portable and stylish storage device to play games, Transcend's JetFlash 930C is the one!

### Dual USB connector for double the convenience

JetFlash 930C flash drive is designed with a dual connector that supports USB Type-A and Type-C devices. You can easily transfer files among smartphones, computers, and even game consoles!

**Note:**

1. USB Type-A and Type-C connectors cannot be used at the same time. Mobile devices must support USB OTG.
2. Certain requirements must be met for external storage to save games and apps from game consoles. Please check compatibility before use.

### Unparalleled transfer speeds

With 3D NAND flash and a USB 3.2 Gen1 interface, Transcend's JetFlash 930C flash drive offers advanced technology translating into top performance of 420MB/s read and 400MB/s write speeds. This high-endurance drive has 10 times the lifespan of a regular 3D NAND flash. Move your gaming files in a flash!

### Metallic radiance

Transcend's JetFlash 930C flash drive comes with an aluminum metallic housing glowing with a soft golden hue. This not only stands for advanced protection, but makes you look chic and stylish even when playing games.

## USB 3.2 Gen1 / 3.1 Gen 1 JetFlash 930C
