

## SSD Upgrade Kits for Mac **JetDrive 720**

Introducing our new JetDrive SSD upgrade kit for the MacBook Air and MacBook Pro with Retina display. Complete with tools, instructions, and a slick aluminum USB 3.0 enclosure to house your original SSD, Transcend's JetDrive SSD upgrade kit allows you to both increase your storage space and boost the performance of your Mac®. Transcend's JetDrive SSDs are also backed by an industry-leading 5-year warranty.

### **Running out of storage space?**

Stop fretting about storage space. Transcend's JetDrive SSD upgrade kit offers up to 960GB of storage capacity. Upgrading your Mac to a JetDrive SSD ensures you'll have plenty of space for all your favorite music, videos, and photos.

### **Supercharge your Mac**

With file transfer performance that far exceeds stock SSDs, JetDrive SSDs provide both speed and stability. Whether you're browsing the internet, gaming, or running multiple applications simultaneously, JetDrive SSDs deliver the performance you need.

### **One deal. Double benefits.**

The JetDrive comes with an additional external enclosure. This sturdy aluminum case is ready to house your original SSD for use as a new external drive. Thanks to its USB 3.1 Gen 1 interface, waiting for transfers to complete becomes a thing of the past.

## SSD Upgrade Kits for Mac JetDrive 720

### Features

- Compatible with MacBook Pro Retina® 13" (Late 2012 - Early 2013)
- SATA III 6Gb/s interface
- Up to 570 MB/s read; 460 MB/s write
- Installation tools included
- Free download of the JetDrive Toolbox software

### JetDrive Toolbox

Exclusively developed by Transcend, JetDrive Toolbox helps maintain a healthy and efficient SSD by keeping it up-to-date, preventing functional degradation, and predicting problems before they happen. JetDrive Toolbox clearly displays drive information, S.M.A.R.T. status for possible drive failure, health indicators for estimated lifespan, and facilitates firmware upgrades. It can also identify your Mac to quickly find out which of our Apple product suits your computer.

### Specifications

#### Interface

Bus Interface	SATA III 6Gb/s
---------------	----------------

#### Storage

Flash Type	MLC NAND flash
Capacity	240GB / 480GB / 960GB

#### Operating Environment

Operating Temperature	0°C (32°F) ~ 70°C (158°F)
-----------------------	---------------------------

#### Performance

Read Speed (Max.)	570 MB/s
-------------------	----------

Write Speed (Max.)	460 MB/s
--------------------	----------

Note	Speed may vary due to host hardware, software, usage, and storage capacity.
------	---

#### Warranty

Certificate	EAC
-------------	-----

Warranty	Five-year Limited Warranty
----------	----------------------------

#### Enclosure

Dimensions (Max.)	110.9 mm x 37.2 mm x 10.8 mm (4.37" x 1.46" x 0.43")
-------------------	--

Weight (Max.)	65 g (2.29 oz)
---------------	----------------

Connection Interface	USB 3.1 Gen 1
----------------------	---------------

Operating Temperature	0°C (32°F) ~ 70°C (158°F)
-----------------------	---------------------------

Operating Voltage	5V
-------------------	----

Warranty	Two-year Limited Warranty
----------	---------------------------
